Colorado Springs 2025 City Council Candidate Survey

1. What motivated you to run for a City Council seat, and what is your vision for serving the public if elected?
2. Nationally, government has been focused on finding waste and fraud in government through DOGE, the Department of Government Efficiency. Would you be in favor of a similar effort within the City of Colorado Springs? Where do you think efficiencies could be found within city departments?
3. Are there any new taxes, fees, or TABOR retention ballot issues you'd like to see put before voters? Please, explain.
4. What does responsible city growth and development look like to you? Do you have any issues with how City Council has handled development, annexation, etc. in the recent past?
5. Should non-profit entities receive taxpayer funds to provide services to certain sectors of the public? Would you advocate for those non-profits to provide detailed reports to city council on how taxpayer money is spent?
6. In 2024, the current city council members voted in favor of a resolution stating that Colorado Springs is not a sanctuary city. Do you agree or disagree with that vote and why?
7. What is your view on the current illegal immigration problem in our city?
8. Taxpayer funds are used to provide services to homeless people. Do you think this money is well spent (or not) and should more funds be (or not be) committed to homeless programs?
9. Housing affordability has been a hot topic in recent years. What's your solution to the problem? Should taxpayer funds be used to address this issue?
10. Red light cameras and speed cameras have been approved by city council members. What are your opinions about red light cameras and speed cameras?
11. Is there anything additional you'd like to share about yourself with voters?
